

COUNTERSTRIKE CCA™

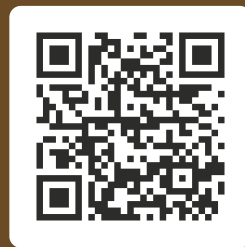

Complex Attack Exercise Kit

Train for the attack that doesn't stay in one place.

Counterstrike CCA scales the exercise to multiple attackers and multiple locations, so your team can rehearse a complex coordinated attack and the mutual-aid response it demands.

-  **BUILT FOR COMPLEX, MULTI-SITE ATTACKS**
Two boards and higher unit counts let you run simultaneous incidents across multiple locations, just like a real coordinated attack.
-  **SAME SYSTEM, BIGGER SCENARIOS**
It uses the same simple mechanics as Counterstrike Basic, scaled up. Train every rank, discipline, and jurisdiction together, as often as you need.
-  **BUILT BY C3 PATHWAYS**
Part of the Counterstrike Professional Training System, used by hundreds of agencies nationwide.
